The SP-800P are Vision's most cost-effective audio solution. They are purpose-built for small meeting rooms and classrooms. Incredible value for money; they offer great sound quality and Vision's trademark ease of installation.

Key Selling Points

- 3-Way
- Volume Control
- Horizontal C bracket
- Flexible connectivity
- ABS Chassis

Product Features

3-Way
A 4" woofer is complemented by a tweeter and squarker.

Volume Control
The volume dial is positioned on the rear of the 'master' loudspeaker - the one containing the amplifier.

Horizontal C bracket
The adjustable brackets allow the installer to easily angle up 30° or down 30°. Or leave the brackets off and use as shelf speakers.

Flexible connectivity
The rear panel of the master loudspeaker offers minijack and 2-phono inputs.

ABS Chassis
Heavy-weight plastic material is used for the chassis, allowing a beautiful curved chassis and a rigid acoustic chamber for distortion free sound.
