

PMV Guarantee

This product is covered by the
pmvguarantee

" If it doesn't fit, we'll make it fit
FREE OF CHARGE "

All our products are sold with the PMV Guarantee;

" If it doesn't fit, we'll make it fit - FREE OF CHARGE "

All our mounts are manufactured in the UK and we have a factory-based helpline to deal with any fitment issues which may arise. We go as far as we can to ensure our products are 100% universal but not all installations are the same. Throw into that an unexpected change to TV spec or an unusual cable requirement and sometimes the fitment can become tricky or seem impossible.

If this scenario arises then all you need to do is call our helpline on 0844 800 4145 and we'll get the necessary parts out to you within 24hours. These parts may be additional fixings, spacers, adapters or even a completely different bracket. All of which will be posted to the customer or onto the site of the installation within 24hours*.

This service provides peace of mind for both seller and customer alike, knowing that whatever happens a return or swap-out won't always be necessary.

0844 800 4145

All PMVmounts products and accessories are supplied with a lifetime warranty to the original buyer or installer. The warranty covers materials and workmanship where the product is used within the products specification and not disassembled or modified beyond the level shown in the products user manual.

Please call us at the factory if you require any help of details regarding any of our products.
