

# Best Sellers Price List January 2019

Along with many others we were surprised and disappointed when Hills Accessories ceased trading.

We wish all of their ex-employees every success in their new employment.

Following their closure we have been able to purchase much of their stock, although this had been run down before their closure, and is selling out very quickly.

We have already placed orders with the manufacturers of their most popular products, especially their robust unbreakable headphones, and our negotiations with other manufacturers continue.

The first container loads have been shipped and we expect delivery in about 8-10 weeks. Meanwhile we are taking advance orders, and will deliver as soon as the goods arrive.

We have published our first edition of our accessories and services catalogue which features the most popular products. If however you have a need for a product that you cannot see in the catalogue or on our website, please phone us and let us know. We will do everything we can to source it for you.
